### OLD ENGLISH MAY DAY

Illinois College Students Reproduce Games and Dances of Early Days—Delight Large Audience.

A thousand people assembled on the Illinois college campus Monday afternoon, when the students of the college gave a reproduction of the Old English May day, presenting as nearly accurately as possible the dances and games which marked the celebrations of early days. The entertainment was one of merit and worth not only by reason of the skill with which the dances were executed and the handsome costuming and merry faces, contributing beauty and charm, but also because of the instruction imparted. The Old English customs not being so generally known are seldom reproduced with such a degree of accuracy.

The pageant, which took in all the various groups of performers in their splendid array of costumes, began at 3:30. Those in the procession in their order were the heralds, minstrels, milk maids, with cow, Morris men, flower girls, may pole dancers, plemen, Twelfth Night players, Titania, queen of the fairies, drawn by elves and fairies.

The program was then taken up and throughout it was one of excellence, each number being given with marked proficiency. The Morris dancers however perhaps won greatest favor with the audience, their dance being novel and exceedingly well executed. The two scenes from Twelfth Night were given in the same splendid manner in which they were recently staged at the Grand opera house and were followed with the same interest and appreciation. During the intermission the plemen moved through the crowd disposing of tarts and lemonade. Programs of the performance were also sold, these being most attractively and appropriately designed.

The program was as follows:  
Firefly Dance—Fairies.  
Children's Old English Games—(a) Pop Goes the Weasel; (b) Looby Loo.

Ballads—(a) Polly Is Smiling; (b) Courtiers Courtiers; (c) The Bailiff's Daughter of Islington.

Dance, Maid o' the Mill—Milk Maids.

Morris Dancers—(a) Bean Setting; (b) Shepherd's Hey.

Green Sleeves—Milk Maids.

Roses—Flower Girls.

May Pole Dance.

Intermission.

Scenes from Twelfth Night.

The Firefly dance was given by the children of Miss Helen Robinson's dancing class, the Maid o' the Mill dance by Conservatory pupils and the May pole dance by Whipple students, and in the other numbers college students took part. The students are highly appreciative of the valuable services of Misses Helen and Edith Robinson, who after Miss Lee of Chicago had spent one week here in training.

The dances, too, complete charge of the rehearsals and training which followed, thereby contributing in large measure to the success of the entertainment. While the affair was in charge of a committee from the student body, this committee was ably assisted by many ladies of the city, among whom were Mrs. E. P. Kirby, Mrs. Joel Hubble, Mrs. F. E. Farrell, Mrs. C. A. Johnson, Mrs. A. T. Capps, Mrs. J. P. Doane, Mrs. P. J. Hehl, Miss Louise Capps, Mrs. Thomas Worthington, Mrs. H. M. Gavenhill, Mrs. G. G. Capps, Miss Carrie Dunlap, Mrs. Chambers, Mrs. P. E. Baldwin and Miss Phoebe Dummer.

The business management was in the hands of Augustus Gunnersheimer and Arthur Kingsley, who displayed great capability. A large sum was realized and this is to be given to athletics and the library fund, equal parts to each.

Those who took part in the program were as follows:

Heralds—Henry Stottlar, Hume Whitacre, Howard Ross, Morris Worthington, Russell Berry.

HAD NARROW ESCAPE.

Mr. and Mrs. William Woods and Dr. and Mrs. C. B. Powell and daughter, Miss Jeanette, had a narrow escape Monday afternoon at 5 o'clock while returning from the funeral of W. T. Luttrell at Franklin. Just as they were turning the corner of South East street onto East street, they encountered a street car, going east. Mr. Woods threw his car to the left but the street car struck the front of the auto, making an ugly shape of the fender. The auto turned so fast that the back end also hit the street car and before the machine was under full control, it had run into the iron post in front of the Jacksonville Tailoring company. A large crowd gathered about and it was several minutes before the street car went on and the fender was bent into shape so that the autoists could finish their journey. The occupants of the car congratulate themselves that the accident was no worse.

SUFFERED BROKEN ARM.

Neddie Meek, aged 11 years, a pupil at the State School for the Blind, who resides on Howe street, suffered a fracture of her right arm about 9 o'clock Monday night. The little girl was sitting in a chair on the front porch and in some manner fell from the chair off the porch. She was taken to Passavant hospital, where the arm was set by two local physicians and later removed to her home.

ENTERTAINED CLASS.

The members of the Senior German class of the High school were entertained Monday evening at the home of their teacher, Mrs. Elizabeth Koch, on West State street. The evening was spent in a social way with games and other amusements and during the time light refreshments were served.

With an output of over 1,000 pounds of butter daily the Jacksonville Creamery company is gradually increasing its business and the predictions of its promoters, that it would prove profitable, are rapidly being fulfilled. Monday, May 13, the output of butter reached 1,250 pounds and since that time it has been above the 1,000 mark each day. The managers have no trouble in disposing of the output and as farmers are finding it quite profitable to market their milk and butter fat at the creamery it is almost certain that the business of the company will continue to grow.

## PLAY BEARDSTOWN IN PRACTICE GAME

Illinois College Defeats B. H. S. Nine by Score of 11 to 1—Team Off for Northern Trip—Clowes Will Try Out for Pitcher.

Illinois college ball tossers and the team from the Beardstown high school played a practice game Monday afternoon at Beardstown, which resulted in a score of 11 to 1 in favor of Illinois. Coach Harmon and his men left Monday for their northern trip of three games and the contest of yesterday had been arranged while the team was on the southern trip, which proved so disastrous, all three games having been lost.

Coach Harmon had Clowes in the box against Beardstown part of the time yesterday to see if he had any of the ear marks of a pitcher. Two of the men on the I. C. team are residents of Beardstown, Clowes and Buchelt, and they were given a royal welcome by their friends. It is possible that Clowes may pitch one of the three regular games scheduled, which are as follows:

May 21—Williams and Vashil, at Alton.

May 22—Bedding, at Alton.

May 23—Lombard at Galesburg. After the northern trip the schedule calls for only two more games. On June 1 St. Louis University comes for a contest and June 3, Millikin university will play here.

ORPHAN GIRL  
SERIOUSLY SHOT

Mildred Metzmaker at Passavant Hospital—Revolver Was Accidentally Discharged and Bullet Entered Her Left Eye.

As a result of being accidentally shot with a thirty-caliber revolver, Monday afternoon, at 7:30 o'clock, Miss Mildred Metzmaker, 13 years of age, of Chandlerville, is in a very serious condition at Passavant hospital.

Mildred and her sister, Lela Metzmaker, who are orphans, were engaged in cleaning house Monday, when the accident occurred. They had gone into the attic, where there was an old box containing a number of articles and their grand-aunt, who makes her home with them, told them not to disturb the box. They, however, opened it and began an examination of its contents, when Lela discovered an old revolver, which had probably not been disturbed for eight or ten years. She picked up the pistol and in some manner it was accidentally discharged, the bullet striking Mildred, entering at the corner of her left eye, passing through the nasal cavity and lodging at the bone just in front of the right ear. Dr. J. G. Franken was called and gave the girl emergency attention and in company with one of the girl's neighbors, Miss Annette Morse, he brought her to Passavant hospital Monday evening, at 7:25 o'clock. When they arrived here Dr. Carl E. Black was called and he and Dr. Franken performed an operation, removing the bullet from the right side of the face, just in front of the ear. The sight of the left eye was destroyed and the patient is in a very serious condition. It is thought that if the girl recovers, the sight of her right eye can be saved.

The girl is a daughter of the late Otto Metzmaker and a granddaughter of the late Jacob Metzmaker, who for some time was policeman in Chandlerville. She is one of a family of six children, whose parents are both dead and they reside in their grandfather's old home place at Chandlerville. Their grand-aunt, an old lady, makes her home with them, and one of the boys, Cecil, 22 years of age, has assumed the responsibilities of providing for the family. The girl has a large number of friends in her home town who will hope for a speedy recovery.

Five Persons Drowned in Chicago When Auto Plunged Through Open Draw.

Chicago, May 20.—Bodies of two of the five persons who were drowned today when an automobile plunged through an open draw at ninety-second street and the Calumet river were recovered today and tonight. One body is that of Anna Mahoney and the other is thought, from letters found in his clothing, to be that of John Boyd.

Two other victims are Florence Mahoney, a sister of Anna and John W. Buchanan, chauffeur of the car. The car belonged to Mrs. C. F. Spaulding, Buchanan's employer, and had been "borrowed" by him without her permission to take his friends riding. All of the known occupants of the car were residents of Chicago.

## COUNTESS GETS DIVORCE

Chicago, May 20.—The Countess DeBasfort, wife of Count Jaquis Alexander Dudley Von Murik DeBeaufort and formerly Miss Irma Kilgallen, daughter of a wealthy Chicago steel manufacturer today obtained a divorce. The suit was not contested. The court was not present.

Cruelty was alleged by the countess. She averred that the count had beaten her frequently.

## BARROW BRIBING TRIAL

Los Angeles, Calif., May 20.—Sent No. 12 in the jury box was the only unoccupied one when a brief session of the arrow bribery trial was adjourned this afternoon after the special venire drawn Saturday had been exhausted and a new one ordered. Adjournment was taken to Wednesday morning.

LORIMER REPORTS  
MADE PUBLIC

(Continued from page one.)

ests, and money passing from him to Holstlaw is a feature of the case so suggestive in the absence of any other consideration for its payment, as to raise a strong presumption that its payment had some connection with the election of Mr. Holstlaw to the senate of Illinois.

"Everything connected with the evidence given by Senator Holstlaw indicates that his love of money is a consuming passion; that it dominates his judgment, deadens his conscience, and destroys his regard for truth."

Taken altogether, the committee said, the testimony indicated to it that Mr. Lorimer's election was the result of political conditions and not attributable to the corrupt use of money. It dwelt upon the statement that not a single witness had reflected upon Senator Lorimer personally and that no testimony existed as to a single indirect remark or improper action on his part.

As to general corruption funds in the Illinois legislature, it was said, that "without definite proof of the existence of a specific kick-pot, the committee can only report that a general belief exists among many classes that corruption funds have been more or less common in connection with legislation in that state."

## MINORITY REPORT

Washington, May 20.—The minority report signed by Senators Kern and Lea, Democrats, and Kenyon, Republican, declared that the evidence presented at the second investigation was "broader and more far-reaching" than the previous inquiry brought out and that it conclusively established that at least ten of the votes cast for Lorimer were corrupt and that his election, therefore, was invalid.

The minority in its conclusions arraigned the course of Edward Hines during the grand jury investigations and during the committee investigation and declared their belief that he was "an accessory to the corruption which resulted in the election of William Lorimer to the senate."

They also declared they believe the testimony of Clarence Funk and W. M. Burgess to be true.

The minority announced as an important fact that it was developed that no third degree or improper methods were used by the Cook county grand jury in examining members of the legislature and that no witnesses were terrorized into giving testimony that was false.

"In view of these facts, sufficient votes having been corrupted," says the minority, "it is not necessary for us to show either Senator Lorimer's connection with or guilty knowledge of the corruption, nor is it necessary for us to trace the corruption fund."

## Lorimer Guiding Force

"Mr. Lorimer's hand was the guiding force in shaping the action of the legislature of Illinois in 1909. He was in such close consultation with Speaker Shurtliff and Minority Leader Lee O'Neill Browne as to justify the belief that the men were his agents and to warrant holding him bound by their actions."

"The agency of these men is so thoroughly established that Senator Lorimer could reap no reward by virtue of their wrongful action without being equally guilty and responsible for their wrong-doing."

## Hines Condemned

"The attitude of Edward Hines upon the witness stand," the minority added, "his furnishing money to one of the material witnesses in his behalf, Charles P. McGowan, beyond the expense incurred by McGowan in coming to Washington to testify and in attempting to induce by payment of money to a telephone operator at the New Willard hotel to furnish copies of messages sent by the Burns agency, which had formerly been in the employ of the committee, established Mr. Hines' character as one that looked upon everything and everybody as being purchasable and the only question of doubt in his mind being the amount of money necessary to purchase this or that person."

## COG WHEELS BROKE

IN J. J. QUINN'S PRESS. Sunday morning, before the regular edition was off, two cog wheels broke and the press stopped. In this emergency use of the press of the Jacksonville Courier Co. was granted to print the remainder of the Sunday edition, but the delays incident to the changes made a late paper. New parts for the press have been ordered, by wire, from the factory at Battle Creek, Mich., and it is hoped that they will be received to day. The Courier press was used again this morning, and the Journal certainly very greatly appreciates the courtesy extended.

## Palmer Refuses to Serve

Reed of the state committee. He withdraws from the delegation which is bound by the unit rule to vote for Champ Clark for president. Only 50 Women Can Join The Hoosier  
Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier Club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot.

Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 2,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our agent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

A. L. French and F. J. Heintz of the Farmers State Bank & Trust Co. attended a good roads meeting in Waverly Monday and Mr. French made an address replete with valuable suggestions and was heard by a large and appreciative audience. Mr. French, who is the commissioner of his district, has made an exhaustive study of the subject of good roads and is making every effort to interest the people and make them appreciate the value of good thoroughfares. He plans along with other commissioners to spend the money at their disposal to the best possible advantage. In his talk Mr. French spoke almost wholly of road dragging and of his experiences along that line. He has been an advocate of the road drag for a good many years. Elmer Wyle presided at the meeting.

### TELL OF CHICAGO MURDER

St. Louis, Mo., May 20.—A man giving his name as Stanislaus Pelniska, advised the police that Hippolyte Geroniski and Frank Kolinska, who were arrested on a larceny charge to day, strangled Mrs. Nellie Szupinski in Chicago six weeks ago and robbed her of \$1,100. Pelniska, wife and three children were arrested with Geroniski and two other men.

### VERDICT OF SUICIDE IS RENDERED

Brother of German Baron Took Own Life During Fit of Despondency.

Chicago, May 20.—A coroner's jury today returned a verdict of suicide while despondent in the case of Henry Spruck Von Armenthal, a brother of a German baron, who was found shot to death in a hotel yesterday. The principal witness at the inquest was Mrs. Frances Rosenthal, who broke her engagement to marry Von Armenthal because of his drinking. She told of having received a letter from Von Armenthal in which he threatened suicide and of having met him later at the home of a friend and tried to prevail upon him to quit drinking but without success. She said she also tried to induce him to give up a revolver she suspected he had in his pocket, but he denied he had a revolver.

### NEW POSTOFFICE.

W. B. Wright Will Erect New Building at Murrayville.

Murrayville is to have a new postoffice building. W. B. Wright, who has been the efficient postmaster for the past 11 years, concluded that the business of Uncle Sam in Murrayville had so increased that a new building was an imperative need. Men were busy yesterday moving the fixtures to the Edgar Whitlock building farther south, which will be the temporary headquarters until the new building is finished on the site of the old.

The new postoffice structure will be built of concrete block and will be 26 feet long and 24 feet wide. All the old fixtures that can be used will be installed, but it is expected that some new material will have to be purchased.

Murrayville postoffice business has grown to four times as large since Mr. Wright first became postmaster. The office now has four rural routes.

### SERIOUSLY INJURED.

As the result of being kicked by a horse Monday morning, James Shaw suffered a severe injury to his face and for some time lay unconscious at the Home Sanitarium. Mr. Shaw is a colored man in the employ of Thomas Allen. The horse kicked him in such a manner that the entire left side of his face was terribly bruised, several small bones being broken and two teeth knocked out. Dr. A. H. Konniewer had the man removed to the Sanitarium, where his wounds were dressed and it is difficult to tell just how serious his injuries may prove.

### FUNERAL NOTICE.

## CLASS LETTER HAS TRAVELED FAR

Students Who Pledged to Keep Alive Correspondence Chain Until Death Are Keeping Up Agreement.

The Joliet Herald tells the following interesting story of a class letter which has traveled hundreds of thousands of miles during seventeen years. Several members of the class are known to Jacksonville people.

Plainfield, May 20.—A letter that has traveled 300,000 miles during 18 years and which will have no rest until all but one of 17 college mates are dead passed through the local postoffice Friday. During the years it has been circulated it has been handled by more than 800 postal stations in nearly every country of the globe.

Prof. L. H. Darling, superintendent of the Plainfield schools, is the local recipient of the letter. When he graduated from Berea college near Peoria in 1894, his classmates, both men and girls, conceived the scheme of an endless chain of correspondence; of writing a letter of greeting which was to visit each member of the class once a year. The compact has been faithfully kept and the letter, now worn and yellow, with new messages added each round, goes tirelessly on its way. It has been delayed but twice on its long journey; once by the Boxer uprising in China and again by trouble in the Philippines.

### None of Class Dead.

The class, which numbered but 17, has been scattered at various times over the entire globe. All but one of the boys are married, the last girl married only a few weeks ago. Many of the class have children and some grandchildren. No member of the class has died.

The first trip the letter made was to Nova Scotia, when it was sent to H. T. Swift, present head of the public department of the Illinois public schools, the president of the class. He added a letter and it was then sent on to the next in alphabetical order, who is David Wetzel of Kentucky. Wetzel slipped his message into the capacious envelope and sent it to Miss Genie Allison, now Mrs. F. W. Burnham of Springfield, Ill.

When the envelope had gone the entire rounds of the class it returned to Swift with 17 letters inside. It has never since contained fewer. Whenever it makes a complete circuit the new writer substitutes a new letter for the one which is a year old, writes his comments on the 16 letters he has never seen before and sends it on. Professor Darling always receives the letter from C. E. Corey, a missionary in Hong Kong, China.

Has Borne Strange Messages. The old envelope has borne strange messages at times, gay ones sometimes and sad ones again. It has promoted one romance, the marriage of the classmates, Mabel Maxwell and Paul Cagmar of Lincoln, Ill.

This year, in addition to the congratulations showered upon Dr. Mand Wodski of Texas, who has recently become Mrs. Maude Staley, by the members of the class whose initials are between W. and D., Professor Darling found a unique scheme unfolded. H. P. Peel, circuit judge in Rushville, Ill., and a large land owner, proposes to his classmates that they one and all pull up stakes and organize a community in the western fruit lands for mutual profit and pleasure. Thus the letter which for 18 years has made distances seem small and kept old friendships alive may end by bringing them actually together again as they were in college days.

Following are the members of the class: Mrs. F. W. Burnham of Springfield, Mrs. Mabel Macadow of Iowa, Mrs. Maude Staley of Texas, Mrs. Mabel Cagmar of Lincoln, Ill., and her husband, Paul Cagmar, Professor L. H. Darling, C. E. Corey of Hong Kong, China, Dr. R. D. Pope of Iowa, Dr. L. E. Newcomer of Iowa, the Rev. W. F. Shaw of Chicago, Judge F. P. Peel of Rushville, Ill., C. E. Canterbury of California, the only bachelor, Dr. F. D. Prapp of Colorado, H. T. Swift of Springfield, the class president, David Wetzel and J. A. Clement of Kentucky, and David Feyerster of Polo, Ill.

### JUST LIKE THE MEN.

Washington, May 20.—The holding of "harmony feasts" is no longer to be regarded as the special prerogative of the political leaders of the male sex. That the women can play the harmony game just as successfully as the men was clearly demonstrated today in the big banquet room at Rauscher's, where several hundred women dined together and showed and smiled and exchanged felicitous greetings, notwithstanding the fact that the political ambitions of a goodly number of them—or to be more exact, the political ambitions of their husbands—are known to point so precisely in same direction that a feeling of jealous rivalry might naturally be expected.

The women were all wives of Democratic leaders of national prominence and the occasion was the May-time breakfast in celebration of the birthday anniversary of Dolly Madison. Mrs. Champ Clark, wife of the speaker of the house; Mrs. Henry D. Clayton, wife of Representative Clayton of Alabama; and Mrs. Oscar W. Underwood, wife of the leader of the majority in the lower branch of congress, took the initiative in bringing the women together for good fellowship and mutual acquaintance. The most notable of the invited guests included Mrs. Grover Cleveland, Mrs. William J. Bryan, Mrs. Alton B. Parker, Mrs. Adlai E. Stevenson, Mrs. Woodrow Wilson, Mrs. Judson Harmon, Mrs. Joseph W. Folk, Mrs. John W. Kern and Mrs. Thomas E. Marshall, all of them the wives of men who have held or aspired to the presidency or vice presidency of the United States.

Mr. and Mrs. Proffitt were in Franklin Monday attending the funeral of Mrs. Proffitt's uncle, W. T. Luttrell, which was held Monday afternoon.

## As "Ed" Howe Sees Life

Few men do as well as they could do, to say nothing of doing as well as they should do.

The average man is the best type; the great genius is a freak.

How stubborn men are in refusing to accept your clear, convincing arguments.

When a man fails in being wise, he attempts sarcasm; then lacking success in that, he becomes a humorist.

Business men, as well as working men, are working shorter hours, although we are accomplishing more. It is commendable, but it reduces the opposition of the men willing to work ten hours.

If a woman makes \$16 a week, people say: "Isn't she grand." But an man must make more than that if he hopes to attract general comment.

There is nothing more pitiful than the man who has responsibilities he is unable to meet successfully.

Every man likes the word "Progressive," although he may not be able to do anything with it beyond the talk.

Nature asks nothing of you except that you hurry along and get out of the way when you can't hurry along fast enough.

It is a woman's duty to be good looking.

### PASSING OF OLD LANDMARK.

Washington, May 20.—The rap of the auctioneer's hammer resounded today through the corridors, parlors and chambers of the Arlington hotel, marking the beginning of the end of that famous old hostelry. The entire furnishings of the hotel are being sold at auction and when the sale is finished the old buildings will be dismantled and out of the debris will arise the new Arlington, expected to be one of the finest hotels in the country.

Washington hotels possess an interest of their own. To the great traveling public they are more than mere commercial institutions—they invest themselves with an historic interest which hardly attaches to public hostleries in other great cities. For many years the Arlington has been one of the landmarks of the national capital. The hotel is situated on Vermont avenue, almost on the corner of H. street, opposite Lafayette square. Diagonally across is the famous home of Dolly Madison. Three stately residences formerly occupied the ground where the main body of the hotel now stands. One was occupied by William L. Marey, secretary of state under Franklin Pierce; another by Lewis Cass, Buchanan's secretary of state, and a third by Beverly Johnson, minister to England. The H. street front of the hotel consists of a union of the former residences of Charles Sumner and Samuel C. Pomeroy, who was United States senator from Kansas.

### UNITARIANS IN ANNUAL SESSION

Boston, May 20.—Morning prayer in King's chapel opened the regular meeting of the 87th anniversary week of the American Unitarian association to day. Later in the afternoon Rev. Jenkin Lloyd Jones of Chicago addressed the annual meeting of the Ministerial union in Channing hall. Daily sessions will be held during the week and the anniversary is expected to be one of the most memorable ever held by the association.

### ILLINOIS NEWS.

A man accidentally set fire to his bedclothes with a cigar in Rock Island, and his roommate, Joseph Goddell, somewhat intoxicated, stood by and laughed while the man in his frantic struggles was burned so badly that he will die.

D. Clayborne, employed at the Great Western distillery, Peoria, was run down by a Lake Erie & Western train and killed.

Dell Griffith, superintendent of the Clinton water works, is held in bonds of \$6,000, charged with defalcation.

The committee of arrangements for the state encampment of the grand army veterans at Peoria has been able to secure but thirteen automobiles for the old soldiers who are unable to walk in the line of march during the grand parade. Whereat the papers are making a just and loud wail considering the fact that there are probably more than a thousand machines in the distillery city.

Louis Muelegard, an employee at Hem's brewery, East St. Louis, fell into a large vat and was suffocated.

William Fisher of Springfield walked around an ice wagon directly in front of a moving street car and sustained severe though not fatal injuries.

Cowden is to have a new \$14,000 high school building in the near future.

S. S. Rogers, a veteran of the Civil war, went home to Decatur from the soldiers' home on a visit and died there.

Amile Maton, a musical director at Pana, was walking home one night when he was held up at the point of a revolver and searched but had nothing worth taking. This makes one think of the old Latin saw most beginners had to read: "Vacuus viator opud latrone cantabit," which liberally translated means, the moneyless traveler will laugh at the robber.

The regular telephone girls of Litchfield are on a strike. The papers speak highly of their work and hope the trouble will soon be settled amicably.

Eight years ago Harry Humphrey and wife were separated, the mother keeping the little daughter who had not seen her father since till she saw his name in a Springfield paper stating he was in jail on a charge of larceny and she went there and the two had a reunion.

Engineer Harry Noel and fireman Edward Housh, with Wabash engine 2080 made an exceptionally fast run of 72 miles in two hours between Decatur and Tilton. The train was one of 23 meat cars from Kansas City to Detroit and the men were on their mettle. Both are from Litchfield.

Sidney Baker of Belleville was decreed guilty by a jury of the murder of Peter Waucliz. When the jury announced its verdict the mother of the prisoner advanced to the railing and shrieked: "May God's curses be upon you." A sister fainted and another cried so she had to be removed.

## BASE BALL STRIKE IS DECLARED OFF

DETROIT PLAYERS WILL PLAY REGULAR GAME AT WASHINGTON TO DAY.

President Navin Appealed to Men to Play in Order to Save Him From Loss—Ban Johnson Is Firm—Cobb Urged Teammates to Get in the Game Again.

Philadelphia, May 20.—On the ground that they did not want to see Frank Navin, president of the club, suffer for any action on their part, the players of the Detroit American League Baseball club called off their strike late to day and agreed to play the regular scheduled game in Washington tomorrow without the services of Ty Cobb.

Thus ends one of the most extraordinary situations that has ever been brought about in organized baseball. In announcing their decision to return to the field, the players said that they want it distinctly understood that they will still fight for the principle involved and for which they struck.

The players received no concessions from Ban Johnson, who had indefinitely suspended Cobb for attacking a spectator in a game in New York last week. Mr. Navin, however, promised the men that if they returned he would do his utmost to have Cobb re-instated as quickly as possible; that he would have the American league give better protection to the players on the field against unsportsmanlike conduct on the part of the spectators, and that he will see that none of the players will suffer any financial loss as the result of any fines that may be imposed upon them by the league.

A special meeting of the American league will be held tomorrow morning, at which the club owners will decide who punishment, if any, shall be inflicted upon the strikers. The question of a fine against the club, it is expected, also will be taken up by the league. After the meeting President Johnson will go to New York and investigate the assault case and on the result of this inquiry, it is said, will depend the reinstatement of the star outfielder.

When Johnson was told that some of the players had intimated that Cobb might be reinstated Wednesday or Thursday he said they had "another guess."

Mr. Navin arrived here early in day, and first saw Johnson, who had a thorough understanding with him. Upon leaving to go into conference with the players, Mr. Navin said that it was a question of whether the players or the club owners would run the league.

The Detroit president was in conference with his men for nearly two hours. He told them that Mr. Johnson had announced to him that there would be no compromise and that they would have to return to the ball field without Cobb or take the consequences.

Mr. Navin made a personal appeal to them. He told them that he was the principal sufferer in the affair and that he did not feel that it was just to him.

**Cobb Willing to Stand Alone.**

Cobb told the players that he felt he was responsible for what had occurred and that while he appreciated the action of his teammates he felt that for the sake of Mr. Navin, who had always treated them well, the players should reconsider their action and return to the club. He added that he was willing to stand alone and take whatever was coming, one way or the other.

The players then offered to return provided Cobb was reinstated. The message was taken to Mr. Johnson. It is said his answer was not very favorable. A second conference was held and the men decided to return to play, pending final decision in the matter.

The Detroit team left for Washington at 8 o'clock tonight, accompanied by Manager Jennings and will play there tomorrow.

Yesterday was "Herrmann Day in Cincinnati" and the magnificent new \$400,000 home of the Reds was appropriately dedicated. Last night a banquet at which over five hundred plates were laid was held and among the guests were all the famous baseball men of the country. President Taft was invited and asked to speak. The banquet was a complimentary affair given by the business men of Cincy in honor of the greatest manager in the game today, August Herrmann.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. Manager Callahan gives Kid Gleason all the credit for the showing the Sox are making. The veteran's coaching is responsible for three-fourths of the games won thus far. With Lord, Callahan and Gleason on the job there's brains to spare in the Sox camp.

## MORNING EYE-OPENERS.

Marquard, the \$12,500 beauty, is pitching great ball for the giants.

Third Baseman Arthur Bues, who was scouted from the Giants by Manager Stallings, has made a great hit with the Buffalo fans.

The Boston Red Sox gardeners, Lewis, Speaker and Hooper, are playing up to their reputations as the star outfielders of the country.

Christy Mathewson was sent back five shiners by the umpire in a recent game, for coloring the ball. They say it was "Matty's" first fine.

That "\$25,000 talcing" is "fine" gravy, but it will have to have some help before the Pirates are able to split world's series money.

The University of Vermont baseball team has a crackerjack in Jake Malcolm. The chances are that Connie Mack has a scout trailing the collegian right now.

Halnie Zimmerman still continues to lead the National league in batting, with an average of .450.

The Chicago White Sox lead the American league in both hitting and fielding. They have eight players clotting above .300.

White Sox lose! What do you know about that? They have only won twenty out of the last twenty-three games. That isn't so poor, is it?

O'Day's Cincinnati Reds were on top for a few hours Sunday by defeating the Giants, but are in second place again by their losing yesterday.

Some pitchers' battle between Walsh and Wood yesterday, both Coniskey's spit-ball artists being downed 2 to 0.

It is said that Pitcher "Wild Bill" Donovan of the Detroit Tigers will give up active baseball after this season and become a manager of some minor league club.

"Kid" Gleason is given a great share of the credit for the fine work of the White Sox. The ancient Quaker has been a big success as coach and foreman of the ginger works.

The Jersey City team is the sensation of the International league and the I. L. teams will have to start pretty soon if they expect to hold the skeeters back with the bunch.

Almeida, the Cuban player released by the Reds to the Birmingham Southern league team, says he would rather be a regular with the minors than warm the bench in the big show.

The circuit of the recently organized New York-Connecticut league will be composed of Danbury, Conn., and Middletown, Newburgh, Kingston, Peekskill and Port Jervis, New York.

Grain Letter.  
Chicago, May 20.—Wheat—Abundance of supporting orders the most pronounced feature. Small selling orders, amounting in aggregate to a large volume, encouraged further trading by locals. July which was heavily overbought on the recent bulge suffered more seriously. Stop loss selling and liquidation was on a large scale. Crop news mostly for west was bearish. Foreign statistics were of like character. The big ease in the visible is about the only bullish factor, but there are still some tremendous, but there are still many weak holdings. Canadian report on winter wheat was quite decidedly bullish, but was overlooked. While at the present there is no actual scarcity of wheat, the United States surplus is only 36,000,000 vs. 116,000,000 bushels last year and 44,000,000 the famous 1911 "Patten Year." New wheat will not be available until unquestionably late. July will be old crop. Scarcity of good wheat should bring higher prices.

Corn—Stop loss orders and heavy selling by recent enthusiastic bulls caused a sharp break. News which was mainly bullish was ignored. While we have been bearish on corn, further the exceptionally retarding spring is beginning to be a serious factor. Farmers should be plowing corn and many of them have not as yet had opportunity to plant. There is still time for a large acreage, but we incline to the belief that pressing the short side at the recent levels is dangerous. Corn situation, viewing weather conditions should be attractive to the investor.

Oats—This market felt the trend of other markets. Local traders returning from an over Sunday inspection were enthusiastically bearish and sold July and sunshine severity. Buying on the break was good, although much of it was already for prominent losers there are many bullish factors in the market and it may take time for them to work out.

Provisions—Broke sharply on selling of scattered lots, probably on weaker hog market with fairly liberal run west was the depressing influence.

## THREE YEARS OF MISERY

Mrs. Burnside Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Mahoningtown, Pa.—"For three years I suffered untold misery every month, and had to stay in bed the first two or three days. I also had a displacement and other ailments peculiar to women. I became so weak and run down I could scarcely walk across the floor.

"The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. Pinkham's Vegetable Compound and after I had taken four bottles I am strong and well. I have got others to take your medicine with the same good results and they cannot say enough for it."—Mrs. J. A. BURN-SIDE, Mahoningtown, Pa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

**ANOTHER WONDER OF SCIENCE**

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. With Newbro's Herpicide hair must grow luxuriantly. It is the only destroyer of dandruff sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## METHODIST GENERAL CONFERENCE IN STRENUOUS CAMPAIGN.

(By J. W. Miller)

For several days the General Conference has been grappling with the task of electing eight new bishops. Six ballots have been taken and only one bishop has been elected. Of the seven yet to elect only one has a clear lead over all the other, Dr. W. O. Shepard of Chicago. It is probable that Dr. Shepard will be elected on the next ballot. Of the others no man can foretell who will be honored by the choice of the delegates. Dr. Homer Stunz, who went in on the first ballot with 44 votes to spare, received a most unusual honor. Fifty thousand ballots have been counted since his election without electing any other.

**Victory For the Standpatters.**  
The great debate over the amendment question ended Saturday at 2 p. m. after a debate that took two entire sessions and perhaps changed less than fifty votes altogether. The majority for keeping the present rule in the discipline was 77 votes. The roll call lasted an hour and a half. Bishop Hughes had a strenuous time guiding the conference through the maze of motions and counter motions preceding the balloting, but he succeeded admirably. Few of the more experienced bishops have been able to handle the conference with better success.

**Great Lectures.**  
A program of great lectures, four in number, has been carried out. The first was by Dr. Parkes Cadman on "The Puritan in Two Worlds."

It was one of the most remarkable pieces of historical argument, graphic and impressive rhetoric and sustained fervor and intellectual power that can be heard in a lifetime. Then came the great lecture of Bishop Quayle on "Napoleon Bonaparte, Democrat." There is no one with whom to compare Bishop Quayle. He is a law unto himself. For an hour and a half he held the great audience with undiminished interest. Unique, dramatic, irresistible, never to be forgotten. The third lecture was fine lecture by Dr. M. S. Hughes, brother of Bishop Hughes, on "Abraham Lincoln, An Interpretation." Dr. Hughes is one of the great preachers of the church today and acquitted himself well in handling a theme which has challenged the eloquence of the greatest orators of this and other lands. The third lecture was by that prince of public speakers, Hon. W. J. Bryan, "The Prince of Peace." No man now living has been heard so widely as Mr. Bryan and none whom the people are so ready to hear again. He was up to the high level that he occupies alone on the American platform.

**Many Visitors.**  
Minneapolis is the mecca for Methodists from all the surrounding country. Thousands are here to attend the sessions of the General Conference at this the most interesting part of the world. Four years more of tri-annual made such a mighty moral force in the sessions. When the bishops are all elected the interest will subside again somewhat. The coming week will decide much of the important business of the entire month. While there are very important matters yet to be considered, now that the amendment question is out of the way the legislation will move along more rapidly with intervening ballots for the officials that are to be elected.

**Closing in Sight.**  
May 28 is the date set for the adjournment of the conference. Just a little over one week and it will have become history. There will go out from the conference an impression that the great denomination is taking higher ground in its men and methods and is perfecting more and more the great machinery that has umphant service awaits the church.

**HAD ARM INJURED.**  
Earl Harney, who resides at 136 Hardin avenue, an employee of the Burlington railroad, had the misfortune to injure his right arm severely Monday morning. He was riding on a handcar and the men were just preparing to go in on a switch, when they were run into by another hand car. Mr. Harney was thrown off and one of the wheels passed over his arm. He congratulated himself that no bone was fractured.

**HORSE RAN AWAY.**  
Late Saturday night a horse, which was being driven by Victor Vieira, took fright at a passing motorcycle and ran away, completely demolishing the buggy to which it was hitched and doing great damage to the harness. Mr. Vieira had stopped in front of the Y. M. C. A. at that moment a motorcycle just by and the animal took fright, running to the corner of West Morgan and Prairie streets, where it encountered a telephone pole. The horse and rig were from Cherry's livery.

## DRY GOODS PRICES ARE COMPARED

Price List of 1864 Gives Some Interesting Data About Market Conditions.

The Blackburn-Floeth Dry Goods Co. have at their store a St. Louis wholesale dry goods price list of May 15, 1864, which gives some very startling figures.

If we assume that the retail merchants asked 25 per cent. profit, which would be very moderate, we can form some interesting comparisons. In the articles given below the first figure is the price list referred to; the second is the same with practically 25 per cent. added, the probable retail price then which is very reasonable, and the third figure is the prevailing retail prices today; all in cents per yard.
